## **A Miracle for Tristan**

### Synopsis

Four years later, a new summer adventure begins as CJ and Skye are invited by President John Shannon to spend several days with him, his six year old son Tristan, and five Secret Service Agents, at Fort Jefferson in the Dry Tortugas. The two arrive in Cap's old shrimp boat, with their friends Flapper and Squeaky in tow. Everyone except Tristan is skeptical about Sky's ability to communicate with them. The agents soon learn about the pelican and dolphin's dedication to Skye and CJ when a band of paid mercenaries attack the fort with the goal of killing the president and everyone with him. Critically hurt in an explosion, CJ may not survive.
